

CONNECTICUT ASSOCIATION FOR
Infant Mental Health

Celebrate Babies Week

October 17-21, 2022

Celebrating *relationships*, celebrating *resiliency*,
celebrating *hope*, celebrating *diversity*, celebrating
family life, celebrating the *Infant Mental Health*
workforce....please celebrate with us!

CT-AIMH

The **Celebrate Babies** annual
campaign began nine years ago
by the
Alliance for the Advancement
of Infant Mental Health
of which CT-AIMH
is a proud member.

Each year during a selected
week in October we honor and
are inspired by the incredible
impact babies have on us and
our world.

Join the infant and early childhood workforce in writing a reflection statement symbolizing why we must be intentional about efforts to address infant and early childhood mental health in the context of *parenting, practice and policy*.

Two randomly selected survey contributors will be chosen to be our guest at the CT-AIMH Fall Conference on Wednesday November 16th from 9-4pm.
